EXPERIENCE

AP Computer Science Principles Course, La Jolla — Intern

September 2016 - January 2017

Worked with a team of undergrads to find ways to improve the curriculum for both students and teachers in local high schools, with the expectation that this could be offered.

Whole Foods Market, Encino — Grocery Team Member

June 2013 - September 2015

Maintained constant communication between team members and other departments to ensure an optimal shopping experience.

PROJECTS

Holistic — Mobile Web Application

A smart planner that helps you break down and achieve your goals by giving you recommendations when you need them.

Created backend for application using Firebase and Javascript.

Don't Panic — Android/Arduino Application

Using the MIT App Inventor, an Arduino circuit board, and various other sensors, created a anxiety/panic attack preventer application.

Hambre — Android Application

A food finder application that matches the user with a restaurant based off the user's dietary preferences and location.

Developed using Android Studio and both waterfall and agile methodologies.

AWARDS

Dean's List

2013, 2014, 2015
